STYLE AND SUBSTANCE

INTRODUCING THE NEW FJORD PRECISION ST-LINE

With the family-friendly versatility you'd expect from the Fjord Precision name, now with a sportier edge. Shortlisted for European Car of The Year 2019 and with multiple awards to its name, it's your turn to join the millions of drivers already raving about this ride. Opt for either a 5-sDoor, for an agile city runabout or the more spacious eEstate, with room for everyone and everything dear to you.

Its 1.0 litre EcoBoost engine balances the same renowned power and performance, with half the CO2 emissions of its predecessors. Allowing you to drive guilt-free but with no compromise in quality. The Sports-Tuned suspension provides sharper handling and a more connected driving experience, paired with its revamped sleek yet bold interior.

Awarded a 5/5 safety rating under the rigorous testing of Euro NCAP (correct). It's ripped up the rulebook on the traditional look of a family car, but still prioritises yours and your family's safety. How's that for peace of mind?

Equipped with automatic headlights and KeyFree entry and ignition and complete with customisable extras to make your new car truly yours. Come and see what all the fuss is about.
